Councillor Louie, who was present at the announcement, affirmed his commitment to keep the city's additional contribution of \$1.2 million, announced in February, available so as to build the finest possible Seniors Centre. Funds now committed total \$8.7 million.  
Our AGM is June 19. See note below.
6. Presentation by Gail Harmer of COSCO on **Advance Care Planning**. For the complete presentation please see the attached .PDF file.

**Synopsis:** To ensure that your wishes are carried out and that you have someone to speak on your behalf should you fall ill or become incapacitated one should have two documents:

1. **A Representation Agreement** - indicates who you want to speak for you when you are not capable of speaking for yourself. It is a legal document that sets out the kinds of decisions the representative may make on your behalf.
2. An **Advance Care Plan** - provides information about the care you want to receive. It works hand in hand with a **Representation Agreement**.

Availability of Documents: No document is of any use if it cannot be produced when needed. Your Representative should have copies of all documents: **Representation Agreement**, **Advance Care Plan**, and **Advance Directive** (discussed at our March 2014 meeting) Your family doctor and your hospital file should also have contact information for your representative

Should an adult need medical care and he or she is incapable of making a decision **and** there is no **Representation Agreement** or written statement of the adult's wishes, then the health care provider must look for a **Temporary Substitute Decision Maker** (TSDM). See attached .PDF file for additional information with respect to TSDM.

Your **Representation Agreement** and **Power of Attorney** (discussed at our March 2014 meeting) should be registered with NIDUS.
